Yale New Haven Hospital Bone Marrow Unit

Saturday, September 25, 2010 Fairview Farm Golf Club Harwinton

1:30 P.M. Shotgun Start
Best Ball Scramble
Sponsored by Frito - Lay / Pepsico Foundation

Bio.

Greetings and welcome to the 3rd annual Peter Montesano charity golf classic to benefit Companions in Courage, Harold Leever Regional Cancer Center and Yale New Haven Bone Marrow Unit. This event has been made possible by Peter's former employer and friends at Frito-Lay / Pepsico led by the efforts of Tim Gaffney and the entire Naugatuck managementteam.

Peter was diagnosed with Stage 4 Large B-cell Non-Hodgkins Lymphoma in November 2005. With the initial diagnosis intense chemotherapy treatments were started to eliminate the tumors and prepare Peter's immune system for a Stem-Cell transplant in April 2006.

The Stem-Cell treatment went well and seemed to have worked but additional scans and biopsies during the summer of 2006 showed additional tumor sites discovered in October 2006. At this point another Stem-Cell treatment could not be done and a Bone Marrow transplant would be the next step to eliminate the new tumors. Peter's siblings were tested and fortunately his sister Pat was a perfect match as the donor.

This transplant would require a more intense and aggressive regimen to kill the cells and tumors and prepare for the next transplant. After going through Chemotherapy, radiation and other treatments the Bone Marrow transplant was successfully performed in May 2007. This is a slow recovery process but after three months the tests showed positive results that it was successful.

As of today Peter has been in remission for 2 years and he and his family continues to enjoy improved health and peace of mind since taking on this challenge.

With your continued support we hope to carry on this annual tradition for the benefit of supporting those special people and agencies who work tirelessly each and every day, while at the same time allowing us all to feel good about "Giving to others"

Torrington, CT 06790
